

CARPET EXTRACTION SERVICES

BRING YOUR CARPET BACK TO LIFE WITH OUR MOBILE CARPET EXTRACTION SERVICES

With a growing service network across the US, we can keep your aircraft looking like-new wherever you land. In addition to your carpet extraction, we can take care of anything from aircraft exterior cleaning, polishing, waxing and brightwork to meticulous aircraft interior detailing and disinfection services, all work is accomplished to the exacting standards of our customers using processes and materials specifically approved for aircraft cleaning. In addition to our full-service detailing network, we have mobile carpet extraction services available out of our VNY and South Florida airport locations.

WHERE WE CAN SUPPORT YOUR FLEET

While we are able to provide aircraft appearance services throughout the US, we:

- Have a physical presence at more than 40 airports across the US, with the ability to provide mobile services at dozens more
- Pull from more than 35 years of experience providing aircraft appearance services with more than 500 expertly trained employees
- Boast detailing experience across all aircraft and fleet sizes

MORE ON OUR CARPET EXTRACTION EXPERIENCE

We specialize in steam extraction cleaning of wool and other fine fabrics. Over the years we've perfected our cleaning methods working not only on carpet but all facets of upholstery and leather. Everything we do is aimed at extending the life of your investment. Our proven processes use only the very best equipment and safest cleaning chemicals recommended by aircraft manufacturers. Our team members will act as if they were your team, ensuring that your aircraft are prepped and ready to the highest standards of your passengers or owners. In addition to our carpet extraction services, we can also:

- Extend extraction services to your aircraft's divans
- Leverage our experience to clean and condition your leather cabin seats and surfaces
- Hand shampoo ultra suede headliners, PSU, side panels, and other surfaces as well as sheepskin cockpit seat covers
- Provide preventative maintenance and restoration services to aircraft interiors through our FAA repair station (#7AGR730Y)
- Offer a comprehensive list of services in addition to our interior and exterior detailing services

CUSTOM PROGRAMS

We can create a custom program to meet your needs, including:

- Monthly detailing packages for single aircraft or entire fleets
- Provisioning and flight department support service packages
- Sports charter and large charter detailing programs
- Custom detailing packages and programs to meet your unique needs

FOCUSED ON PROVIDING SAFE, QUALITY SERVICES

No one knows more about the proper care and maintenance of your aircraft's appearance than Prime Appearance. We've provided comprehensive detailing services on every type and size of corporate aircraft for more than 30 years.

We ensure that everyone who touches your aircraft is qualified, trained and aware of the importance of their role, because at Prime Appearance, we believe our aircraft detailing team is an extension of your team.

To support our detailers, we have management personnel solely dedicated to quality, safety, learning management and training, because we know these areas are integral to our success. To ensure we are holding our management team, operations and employees accountable, we compile and report on data related to safety observations and near misses. We use this information in both decision making and as learning tools within our operations. This helps us deliver the unparalleled service and expertise you expect from all your critical business partners.
